

The 124th NYSV Sutler List – 2009

Below are the approved vendors for the 124th NY. In addition to the list below, the 124th fully approves all goods made by the approved vendors of the [Authentic-Campaigner Website](#)

Brad Keune

Brad Keune specializes in union forage caps. His hats are excellent quality and it is usually a short wait to get one.

C & D Jarnigan

(662) 287-4977

Jarnigan has always been a quality supplier of the 124th. Expect to pay a bit more at Jarnigan and be ready for a wait. They have a reputation for taking their time. My advice to you is; if it's not in stock then go somewhere else. Their products are slightly better quality than those from the regimental quartermaster

Chris Sullivan

1-315-343-1557

Chris Sullivan makes some of the finest reproduction trousers on the market. He is reasonably priced. He produces two different patterns of trousers in both museum and commercial grades. For about \$10 more than most sutlers you can buy a much nicer, more authentic pair of trousers

The regimental quartermaster provides a large array of good quality reproductions. They are beginning to cater to both the campaign reenactor as well as the mainstream reenactor. They are reasonably priced.

Robert Land Historic Shoes

Robert Land makes the finest shoes and boots on the market today. Take into account that there may be a wait involved in purchasing shoes from him.

Scott Schrimpe

845-820-8239

Scott has been a member of the 124th for over a year. In that time he has become well antiquated with the proper construction of the enlisted man's uniform.
